*The Itasca Driftskippers groom and maintain 72 plus miles of trail from Grand Rapids to Hill City and points west. We have a club house where we conduct our meetings, store and maintain our groomers. We are proud of our 2 "on trail" shelters. What our membership has accomplished to date is no less than incredible. We would be honored to have you as a member. With your support we can continue the tradition of that "skipper" volunteerism we have become accustomed to.*

**Thank you for your support**
