The Itasca Driftskippers groom and maintain more than 72 miles of snowmobile trails from Grand Rapids to Hill City and points west. Our clubhouse serves as a meeting place and a home for storing and maintaining our grooming equipment. We also take pride in our two on-trail shelters. Our trails, shelters and club facilities reflect years of hard work by dedicated volunteers. Join or renew today to help carry on that tradition and keep snowmobiling strong in our area. Thank you for your support!
